Access to the next level of education/training General access to higher education (in accordance with the Higher Education Act of the federal state)	International agreements -
Legal basis Verordnung des Kultusministeriums über die Ausbildung und Prüfung an den zweijährigen Fachschulen für Technik und für Gestaltung (Technikerverordnung - TechnikerVO) vom 25. Juni 1999 (GBl. S. 331; K.u.U. S. 134) in der jeweils gültigen Fassung	

6. OFFICIALLY RECOGNISED WAYS OF ACQUIRING THE CERTIFICATE

State final examination:
 1. following completion of training within the scope of the curriculum stipulated at a trade and technical school/trade and technical academy or
 2. following admission as a non-pupil by the education authority of the federal state.

Additional information

Entry requirements: completion of recognised and relevant vocational education and training pursuant to the Vocational Training Act/Crafts and Trades Regulation Code or in accordance with the regulations of the federal states and one year of relevant occupational activity
or
 completion of vocational school or of an equivalent level of education and relevant occupational activity of at least 5 years.

Duration of training: at least 2 years (minimum of 2,400 hours)

Educational aim: Trade and technical schools/trade and technical academies are institutions which provide continuing vocational training for the assumption of management tasks. Trade and technical schools/trade and technical academies offer a range of organisational forms of teaching (full-time or part-time basis) which lead to a post-secondary state vocational education and training qualification in accordance with federal state law.
